

REIMAGINING THE FUTURE
IN OLDER AGE

INTERGENERATIONAL ONLINE READING GROUPS

Are you interested in what the future may be like for us all?

Does your age influence how you think about the future?

We are interested in finding out about people's hopes, desires and concerns about the future.

We are setting up an intergenerational online reading group which will meet virtually once a month for five months starting in May 2020.

The novels we read will be yours to keep.
